

MS4 Stormwater Qualified Inspector Training

Municipal Stormwater Permits require that Qualified Personnel perform onsite inspections. This course is for people who perform those MS4 stormwater inspections. The course concentrates on the role of the inspector to keep their municipality in compliance with the MS4 permit and ensures that the graduate has met standards in stormwater knowledge and competency to conduct MS4 stormwater inspections.

This course is designed for anyone that is associated with or interacts with MS4 permitting issues including:

MS4 stormwater inspectors	Building inspectors
Engineering review staff	Administrative personnel
Environmental staff	Water quality staff
Road workers	Maintenance staff
Public works staff	Code inspectors
Construction inspectors	Industrial inspectors

AGENDA FOR TWO DAY MS4 CLASS
